Congratulations!
Ms. Kerri Ebert has been named as the coordinator for the Kansas Sustainable Agriculture Research and Education (SARE) Center. This program works with rural communities to improve farm profitability, protect water and land, and revitalize communities. The Kansas SARE program is part of the North Central Regional SARE program and funds 5 to 6 grant projects each year in Kansas. Approximately 25% of the grants are research and education grants. Overall SARE serves as a liaison between states and USDA-NIFA.

Travels:
Drs. Donghai Wang and Wenqiao Yuan attended the NSF EPSCor meeting on the KU campus in Lawrence on Monday, June 14.

Dr. Joe Harner will be in Clovis, New Mexico June 14-18 to attend the Southern Great Plains Dairy Conference.

Special Seminar:
Mr. Hale Sloan will present International Education in Natural Resource Engineering and the KSU/El Purpan AREM Partnership as part of his final examination for Master of Science degree on Thursday, June 17, beginning at 8:00 a.m. in Seaton 133.

Textbook Reporting Requirements Reminder:
Information about required textbook and supplemental materials must be made available to students for their courses by July 1, 2010. Textbook information must be correct and only provided when faculty know the textbook they will use. If there is no textbook for a course, this information must be provided to the bookstore. Go to: http://www.k-state.edu/isishelp/faculty/textbookreportingF.pdf for instructions on reporting textbook information.

Thought for the Week:
“Every day you may make progress. Every step may be fruitful. Yet there will stretch out before you an ever-lengthening, ever-ascending, ever-improving path. You know you will never get to the end of the journey. But this, far from discouraging, only adds to the joy and glory of the climb.”
--Sir Winston Churchill
