CONGRATULATIONS!
Dr. Donghai Wang has received Outstanding Reviewer Status awarded by Elsevier: Biomass & Bioenergy. *Biomass & Bioenergy* is an international journal publishing original research papers, review articles and case studies on biological resources, chemical and biological processes, and biomass products for new renewable sources of energy and materials.

Kseniya Sheshukova, BAE sophomore and researcher in Dr. Lisa Wilken’s lab, presented her paper, *Analysis of Recombinant Human Serum Albumin Extraction & Degradation in Transgenic Rice Extracts*, at the 2014 ASABE annual international meeting in Montreal, Canada. Kseniya presented her work in the Biological Engineering Division Poster Session.

Karla Morrissey, NSF-REU student working under the supervision of Dr. Lisa Wilken, tied for first place at the REU Joint Poster Competition at Kansas State University on July 31, 2014. Karla presented her research, *Process Development for Corn Protein Recovery after Germ Wet Milling for Production of Value-Added Co-Products*, as part of the Earth, Wind and Fire: Sustainable Energy in the 21st Century’ REU program (NSF EEC#1156549). Karla will be a sophomore in Chemical Engineering at the University of Arkansas this semester.
